

Application No : 10/004,093  
Amendment dated: November 14, 2003  
Reply to Office Action of August 14, 2003

a.) Amendments to Specification

*Replace the paragraph beginning at page 11, line 24, in the specification as originally filed, with the following rewritten paragraph:*

-- Moveable assembly 14 can be moved and controlled in the same manner as optic assemblies used to expose unimaged printing plates or film, as is well known in the art of making platesetters and imagesetters. Figure 4 shows a controller 32<sup>3</sup> interfacing with, and controlling assembly 14. --
